GERMAN PASTOR LEAVES HAWAII

Many Friends of Mr. and Mrs. Felmy Will Bid Godspeed at Farewell Reception

The Knights of Pythias Hall at the corner of Fort and Beretania streets has been rented by the local Germans for next Saturday night and there they will all congregate to bid farewell to Mr. and Mrs. Felmy, who intend to return to Germany in the near future. Pastor Felmy leaves on account of his health after having resided here for over 11 years, and intends to visit certain German Lutheran Churches in Australia, after which he will again settle in the "Fatherland," where a Parish has already been assigned to him. His departure is much regretted by his congregation as well as by his wide circle of friends, whose love, respect, and good wishes will follow him to his new field of labor.

The Trustees of the local German Church have recently elected Stadtkar Engelhardt of Regensburg, Germany, to succeed Pastor Felmy at the local Church, and he is expected to arrive here about October 15, 1912.

Saturday's program has been arranged by a special committee; the Hall will be prettily decorated with German and American bunting and flags, and after the official part of the evening comprising farewell speeches by Mr. Hackfeld, Pastor Felmy and Mrs. Lemke, refreshments of every description will be served, and music, folk—and comic songs will aid in dispelling the sadness of parting.

It is hoped that all Germans will attend and all are welcome, but no one will be admitted unless he has an "admission-card," which may be obtained free of charge at the offices of H. Hackfeld & Co., corner Queen and Fort streets. This course was decided upon to maintain privacy and to allow the Committee to estimate the number for whom they will have to prepare. All are expected to send for their cards as soon as possible.

BUILDING

PERMITS

HILO RUMOR IS GIVEN FLAT DENIAL BY KUHIO

(Special Correspondence, Star-Bulletin.)

HILO, July 1.—In a letter received today by Stephen Desha, Prince Kuhio states that the published news of his being willing to make up with Governor Frear is absolutely without justification and that he will fight to the bitter end.

United States District Attorney Robert Breckons arrived on the Mauna Kea yesterday morning ostensibly to visit the volcano but it is believed that he will also take advantage of the trip to confer with Desha during the trip up on the Mauna Kea today.

Desha was delighted at the news of Kuhio's fight and now thinks that there will be no possibility of the Hawaiian vote swinging to McCandless.

Some men are like postage stamps; you've got to lick 'em before they will do their duty.

Visiting Yachtman To Dance July 4th

Admiral C. D. Wright of the Indoor Yacht Club has sent out invitations to the guests of honor on behalf of the organization, for the dance which will be given on the Young roof garden the night of July 4, in honor of the visiting yachtmen.

Arrangements for the decorations, music and refreshments have been completed and the affair is destined to be the social event of the season.

Tickets for the dance are being disposed of rapidly, it appearing that there is a general desire on the part of the public not only to greet the visitors but to help the Hawaii Yacht Club in raising funds with which to entertain the guests from the mainland. The entire net receipts from the Indoor Yacht Club dance will be

devoted to this purpose and the members of the Hawaii Yacht Club are naturally giving the affair their entire support.

COLORADO NEEDED; CAN'T STAY FOR FOURTH

Shortly before the cruiser Colorado sailed for Bremerton today the Chamber of Commerce received a cablegram from Washington refusing the request that the warship be permitted to remain here over July 4. The cable is as follows:

"Chamber of Commerce, Honolulu. 'Regret that necessity for return of Colorado prevents permitting ship to remain in Honolulu over July 4.'

"BEEKMAN WINTHROP, 'Assistant Secretary of the Navy.'

The newspaper strike in Chicago was broken by the action of the proofreaders, who asked for their jobs, under the old conditions.
